

NATIONAL CAPABILITY-BUILDING INITIATIVE

Strong Institutions Initiative (SII™)

Strengthening Institutions Through Leadership, Security, Governance & Organizational Resilience

PROGRAMME OVERVIEW

Strong institutions are built deliberately.

SII™ is a structured Foxtro Shield and Foxtro Academy platform helping Nigerian institutions strengthen the leadership, governance, security and resilience systems required to deliver their mandates with confidence and public trust.

It combines institutional diagnosis, executive alignment, practical capability development, implementation support and measurable improvement.

Aligned with SDG 16

Supporting effective, accountable and resilient institutions through practical capacity development.

01

Leadership & Culture

Ethical leadership, accountability, decision quality and cultures capable of sustaining reform.

02

Security Governance

Policy, oversight, risk ownership, personnel assurance and coordinated security decisions.

03

Governance & Trust

Transparent, inclusive and responsible governance practices that strengthen legitimacy.

04

Organizational Resilience

Structures and plans that protect priority services and improve readiness and recovery.

WHO IT SERVES

- Government institutions, regulators and public agencies
- Critical-infrastructure and essential-service operators
- Universities, professional bodies and research institutions
- Corporate, development and civil-society partners

ENGAGEMENT PATHWAYS

- Executive briefings and leadership workshops
- Institutional diagnostics and maturity reviews
- Role-based learning, exercises and simulations
- Implementation roadmaps and advisory support

Strengthen the institution behind the mission.
